## The Three I's: IRBs, IACUCs, IBCs and Ethics ... Strengthening a Culture of Commitment and Community

September 22-23, 2010  
The Governor Hotel  
Portland, Oregon

---

### Sponsor and Exhibitor Importance

Exhibitors are an integral part of our conference and its outcome. Our participants are looking for ways to improve their organizations: and what better way to do that than to bridge their education with people from the industry who can present them with hands-on and cutting-edge information! With an intimate exhibit area, you will be able to display and comprehensively explain to participants your products or services in a low-key and relaxed environment.

### Sponsors and Exhibitors will receive:

➔ **Dedicated Exhibit Space and Time**

You will have space to show your product and valuable one-on-one time with prospective clients during all meals, breaks and the reception.

➔ **Prospecting List**

Post-conference attendee list will allow you to communicate with prospective clients.

➔ **Networking Opportunities**

Meet and greet new and upcoming people and re-acquaint with old friends in the life science industry.

## DON'T MISS ANOTHER GROUNDBREAKING CONFERENCE!

We all have important professional and regulatory responsibilities related to the responsible conduct of research. The 3 I's Conference, centered on ethics and research integrity, is an opportunity to explore research issues thoroughly, express our commitment to the highest possible ethical standards and build upon our foundation of knowledge to ensure transparency and public trust in research. For the first time in the Northwest, the 3I's conference is available through a collaboration with the Massachusetts Society for Medical Research (MSMR) and the Northwest Association for Biomedical Research (NWABR).

**Who should be in attendance???** IACUC, IRB and IBC members and staff, Regulatory affairs and Compliance oversight personnel, Veterinarians, Laboratory animal care technicians, Managers and Supervisors, Institutional officials, Scientists, Post Docs and Ethicists.

### Announcing EFFECTIVE IBCs : A pre-conference workshop

September 21, 2010, 1 pm to 5 pm at The Governor Hotel

Effective IBCs: An Introduction to the *NIH Guidelines* and the Oversight of Recombinant DNA Research

Effective IBCs is a half day workshop on the history, function, and administration of Institutional Biosafety Committees delivered by expert staff from the National Institutes of Health (NIH) Office of Biotechnology Activities (OBA).

Effective IBCs will promote the professional development of those associated with IBCs, by providing an opportunity to:

- Learn about the NIH OBA and the history of IBCs
- Learn about the content of the *NIH Guidelines for Research Involving Recombinant DNA Molecules*
- Understand the range of responsibilities that IBCs have under the *NIH Guidelines*
- Network with colleagues to share ideas about best practices, resources, innovative approaches, and possible collaborations.

Effective IBCs is intended for IBC members and staff and others who have an interest in the oversight of recombinant DNA research, including research administrators, biosafety officers, regulatory affairs officers, and the members and staff of other institutional oversight committees such as Institutional Animal Care and Use Committees and Institutional Review Boards.
