

Gina has a bachelor's degree in Biology from Bradley University, and she has a master's degree in Science Education from the Illinois Institute of Technology. She is currently working on her master's degree in Infectious Disease from Drexel University. Gina has 15 years of teaching experience. She has taught Introductory Biology, Honors Biology, Honors Integrated Biology, Introductory Chemistry, and Honors Chemistry. She has always had an interest in science and passion for teaching, and she enjoys watching students collaborate with each other and developing their critical thinking skills

In her spare time, Gina enjoys spending time with her husband and pets (two dogs and a cat), traveling, hiking, and backpacking.
